

Our school aim is to provide a happy, caring, friendly and secure environment in which all our children can learn to the best of their ability, to encourage a joy of learning for its own sake and to raise the self esteem of all our school community.

We trust that the parents who choose this school for their child, endorse our standards, support us fully in the work we are doing and are willing to enter into a genuine partnership to ensure the best educational experience for their child.

- Children have a right to an education. Discipline in schools should respect children's human dignity.
- All children have a right to relax and play and to join in a wide range of activities.
- Children should be protected from any activities that could harm their development.
